

Services to Oil & Gas

Capability Statement

Why Moore Stephens?

Moore Stephens have been a trusted partner to organisations for nearly four decades providing advice customised to meet the needs of clients.

Our success is derived from our ability to understand the challenges that clients face and provide intelligent solutions.

UNIQUELY POSITIONED

Western Australia is a key Oil & Gas hub. We have developed a division to provide advice specifically designed to address the issues of companies operating in this diverse industry.

We provide tailored services to clients operating in:

- Downstream.
- Exploration & Production.
- Midstream.
- Oil Field Services.

Having worked with a number of clients in the Oil & Gas industry, we truly understand your operating environment. We realise the importance of providing services that deliver value and offer solutions to your specific needs. We are also well aware of the dynamic nature of your industry which is international in scope, and as such poses several challenges. We believe that this knowledge will enable us to provide astute advice that will respond to both short-term and long-term requirements of your organisation. Working with us means having the personal service and local market knowledge you want, backed by a leading national and international network of expertise and advice you need to succeed.

RESOURCES AND CAPABILITIES TO MEET YOUR NEEDS

Moore Stephens WA is part of a national association of independent firms with offices in all major business centres across Australia and is a member of Moore Stephens International, a global network of accounting and consulting firms with headquarters in London. Moore Stephens International is currently one of the largest international accounting and consulting groups worldwide with a strong presence in over 100 countries. You can be confident that we have the resources and capabilities to meet your needs.

Practical solutions

Our philosophy is to be immersive in our approach, provide genuine support and offer practical solutions throughout the client relationship.

At Moore Stephens we aim to develop a bond of trust and confidence with our clients; to work closely and competently by 'partnering' with your management and staff.

INDUSTRY KNOWLEDGE THAT ENSURES THE COMPETITIVE ADVANTAGE

By providing advice in the Oil & Gas context we help clients overcome industry specific issues, deal with tough decisions and capitalise on new opportunities that generate tangible results. We have created a team of professionals who help companies address complexities specific to this industry by providing advice on all relevant business, financial and commercial issues affecting them.

We see ourselves as project managers helping you navigate through the multitude of challenges and issues ahead, leaving you free to concentrate on the core areas of your organisation.

HELPING YOU GROW

We can advise you on:

- Maximising profit.
- Investing for growth in the most tax efficient way.
- Preventing or dealing with cash-flow issues.
- Running your business at its optimum capacity.
- Understanding the overall performance of your business.

CUSTOMISED SERVICES

We do not offer "off the shelf" solutions. We use our knowledge of the Oil & Gas sector to offer customised services to suit each client taking into account size, capabilities, goals and culture. We believe this knowledge enables us to provide astute advice that responds to both short-term and long-term requirements of your organisation.

CORPORATE FINANCE

Whether you own a medium to large private business or operate a medium-cap listed company, we have all of your corporate finance advice and transaction service needs covered. This ranges from valuation, merger, acquisition and divestment advice, to audits, funding advice, due diligence and independent expert's and account's reports.

BEST ADVICE

One of our major strengths is the active involvement of our Partners in all client engagements. Our clients can be confident they have access to expert advice and 'troubleshooting', wherever and whenever they need it.

COMPREHENSIVE SUPPORT

Our aim is to help you through the multitude of challenges and issues that arise through the lifecycle of your business. We can advise you on growth, profit, succession planning, risk protection and a myriad of other factors you need to consider.

Services to Oil & Gas Sector

Global connections, local expertise

We combine astute global perspectives with local business expertise to secure opportunities and drive expansion.

SETTING YOU UP

Through our local experts, supported by a cohesive national and international network, Moore Stephens provides a full range of professional services to assist in the set-up of new or existing business operations in Australia.

We guide businesses through the different steps involved in the internationalisation process, from establishing Australian business contacts to addressing operational and trading issues. We can walk you through the complexities of international tax to ensure that, wherever possible, taxes are minimized and profits are repatriated in a tax efficient manner. For companies already present in Australia, we provide ongoing support for the multitude of challenges and issues that arise on a day-to-day basis through the life cycle of your business.

Our team can provide you with practical advice on how to:

- Break into the Australian market.
- Identify the tax planning opportunities.
- Ensure your business structure is appropriate for international expansion.
- Take advantage of tax concessions available.
- Ensure your employees are paying the right amount of tax.

EXPANDING YOUR BUSINESS INTERNATIONALLY

If you are looking to establish a joint venture or set up a physical base in an overseas market, Moore Stephens member firms are able to provide practical support. You will have a local expert assisting your organisation, backed by the depth and breadth of the network. We combine astute global perspectives with local business expertise to secure opportunities and drive your expansion.
